School visit tour

We are planning to offer a school visit tour to those who are interested in exploring the Japanese public school system. Unfortunately, the number of schools where we can make arrangements is limited. Therefore, participants might be chosen by lottery depending on the number of people who signed up for this tour. The confirmation of the tour will be announced by early August. You need to sign up for the tour by July 30, 2023. The tour is an optional program that will be held on November 10, 2023. No additional fee will be required for this tour.

Schedule of the tour (tentative, could be changed depending on the school you visit)

9:30	meet at the nearest station or the meeting site we arranged
10:00-11:30	observe classrooms at school
11:30-12:30	ask questions to school teachers
12:30	end of school tour
